We may disclose nonpublic personal information about you to our staff, affiliates, representatives, their affiliated businesses, and third parties who provide you with financial products and services. Nonaffiliated third parties may include retirement plan sponsors or third-party administrators, mutual fund companies, insurance companies and agencies, other broker-dealers and clearing firms. Also, included may be companies that provide NFGI services, such as printing and mailing account statements or confirmations. Our privacy policy is the same for current, as well as former clients. If you close your account, in the process of transferring your investments we may share your information with the new broker-dealer or custodian that you or your representative selects. If the representative servicing your account leaves us to join another broker-dealer, the representative is permitted to retain copies of your new account information so that he or she can assist with the transfer of your account. NATIONS FINANCIAL GROUP BUSINESS CONTINUITY PLAN

Nations Financial Group, Inc. (NFGI) has developed a Business Continuity Plan detailing how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information regarding our Business Continuity Plan.

The majority of the branch offices served by NFGI, where most of our clients interact with their representatives, are located out of the immediate area of the home office in Cedar Rapids, IA. In the event of a business disruption we urge you to first contact your local branch. It is possible if not probable that your local location would be unaffected by

an event that would cause a disruption at our home office location and would be able to operate independently and transact business for you normally. If you are unable to contact your local branch, please contact us directly here at the home office at (800) 351-2471.

Contacting Us – During a significant business disruption, we will re-establish telephone service with our clients as soon as possible. Our clients should check our website www.nationsfg.com for our latest information. As a client of NFGI, we understand that you may need to access your account to sell a position before we restore telephone or other communication services. During this time, our clearing firm, First Clearing, can assist with sell or liquidation orders as needed. If you are unable to reach our firm by any means, please contact First Clearing at 877-496-3223 for assistance. For all other service requests – including purchases, fund transfers, or opening and closing accounts – you must wait until normal services are restored. For assets held directly with Schwab, or product sponsors, they will need to be contacted directly.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our Business Continuity Plan addresses: data back up and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

For brokerage clients, our clearing firm, First Clearing, regularly backs up its important information in a geographically separate area. While every emergency situation poses unique problems based on external factors, such as time of day and the severity of the disruption, First Clearing, has a thorough Business Continuation Plan in place. First Clearing has advised us that its objective is to restore its own operations in order to complete existing transactions and accept new transactions and payments in a timely manner.

Clients holding assets directly with Schwab, or product sponsors will need to contact them directly and should refer to their specific policies for guidance.

Varying Disruptions – Significant business disruptions can vary in their scope, a single building, a business district, city or an entire region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 4 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area and recover and resume business within 1 business day. In either situation, we plan to continue in business, transfer operations to our clearing firm if necessary, and notify you through our web site, www.nationsfg.com, how to contact us. If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.

For more information – If you have questions about our Business Continuity Plan, you can contact us at (319)-393-9541 or (800)-351-2471 or e-mail us at compliance@nationsfg.com. Nations Financial Group, Inc. is a member of FINRA, SIPC and is a Registered Investment Advisor.
